To Whom It May Concern:

Re: **Commercial Hydrant Maintenance**

We, the owners of _____, have requested that Southington Water Department perform general inspection and maintenance including flushing, and/or flow testing of our private fire hydrant(s) located at:

By signing this letter, we acknowledge and agree that Southington Water Department will not be responsible for any repairs needed to bring the hydrant operational, or needed, as a result, of this inspection and/or maintenance. Southington Water Department makes no warranty; either expressed or implied, with respect to the hydrant, and specifically disclaims all warranties.

Further, by signing this letter, we release and waive all rights to claims, damages, and suit of every nature, including those for direct, indirect, incidental, special, consequential, punitive, or exemplary damages and including those for personal injury and for damage to landscaping or personal property, arising from Southington Water Department's entry onto, or presence on, our property or arising from the work Southington Water Department is to do on our property.

We recognize the cost for this Inspection/maintenance is \$145 plus sales tax per hydrant, paid at the time of scheduling. Therefore, the total amount due for the maintenance service that we have requested is:

\$154.21 (sales tax included) x _____ hydrants = \$_____
